## ESSEX COUNTY

### SUBSIDIZED APARTMENTS FOR THE ELDERLY

Subsidized apartments for the elderly are rental units, generally in the form of garden apartments or apartments in high-rise or mid-rise buildings. The units have been specially designed for, and are limited to, **people who are at least 62 years old or are handicapped**. Construction or rental costs are financed by government, local, state, or federal sources. Sponsors of this housing include nonprofit or limited profit organizations or public housing authorities. There are income limitations for eligibility for this type of housing, and the rents are usually subsidized, with the amount of rent based upon the income of the household. There are usually lengthy waiting lists for this housing.

In some buildings, recreational activities and support services such as meals, housekeeping, or transportation are provided. Fees for services may be included in the rent or charged separately. Lists of senior citizen subsidized housing in each county can be obtained by calling the **New Jersey Department of Health and Senior Services toll-free 1-800-792-8820 or 609-943-3437 out of state.**
